

Luke Vella

UI Developer & Designer

lukevella.com
hello@lukevella.com
Malta, MST4543

Summary

I am a front-end developer with over 5 years of professional experience. Most of my work has revolved around creating large scale single-page applications and responsive user-interfaces. I enjoy staying on the bleeding edge of technologies and discovering better and more efficient ways to improve my workflow. My strong design background allows me to both communicate my thoughts effectively when working in a team but also work independently.

Work Experience

- | | | |
|-------------|--|--|
| 2014 - 2015 | ArtWalk
Freelance Developer
Developed a <u>CMS</u> built on top of <u>Wordpress</u> to deliver complex data using a <u>RESTful</u> API. Developed an iOS app using the <u>AFNetworking</u> library to consume and present data from the API. | artwalk.city |
| 2012 - 2014 | Zeepex
Frontend Developer & Designer
Designed and developed a <u>single-page application</u> using object-oriented and modular javascript. Developed an <u>isomorphic</u> javascript plugin that given some basic information could find social media profiles belonging to a user in real-time. | zeepex.com |
| 2009 - 2011 | AWHPoker
Frontend Developer & Designer
Created a web application that interfaced with the gaming network's <u>SOAP API</u> to display information from the network's back-office to the poker room's users. Responsible for the design and development of multiple <u>internationalized</u> websites and marketing tools. | |

Education

- | | |
|-------------|--|
| 2009 - 2012 | University of Malta
B.Sc. Computer Science & Artificial Intelligence |
|-------------|--|

Projects

- 2015 **Rally** rally.co
Web Application
Rally is a collaborative scheduling service that helps people vote on a date to host an event.
- 2013 **Freeshot** freeshotapp.com
iOS App
Freeshot is an iOS app for the Dribbble design community. It has received over 25,000 downloads on the App Store.
