hello@lukevella.com
Malta, MST4543

Summary

I am a multidisciplinary developer, skilled in creating highly responsive, scalable and beautiful user interfaces.

Work Experience

- | | |
|-------------|--|
| 2014 - 2015 | <p>ArtWalk artwalk.city
Freelance Developer
Developed a <u>CMS</u> built on top of <u>Wordpress</u> to deliver complex data using a <u>RESTful</u> API. Developed an iOS app using the <u>AFNetworking</u> library to consume and present data from the API.</p> |
| 2012 - 2014 | <p>Zeepex zeepex.com
Frontend Developer & Designer
Designed and developed a <u>single-page application</u> using object-oriented and modular javascript. Developed an <u>isomorphic</u> javascript plugin that given some basic information could find social media profiles belonging to a user in real-time.</p> |
| 2009 - 2011 | <p>AWHPoker
Frontend Developer & Designer
Created a web application that interfaced with the gaming network's <u>SOAP API</u> to display information from the network's back-office to the poker room's users. Responsible for the design and development of multiple <u>internationalized</u> websites and marketing tools.</p> |

Projects

- | | |
|------|--|
| 2015 | <p>Rally rally.co
Web Application
Rally is a collaborative scheduling service that helps people vote on a date to host an event.</p> |
| 2013 | <p>Freeshot freeshotapp.com
iOS App
Freeshot is an iOS app for the Dribbble design community. It has received over 25,000 downloads on the App Store.</p> |
