SUMMARY

I am a front-end developer with over 5 years of professional experience. Most of my work has revolved around creating large scale single-page applications and responsive user-interfaces. I enjoy staying on the bleeding edge of technologies and discovering better and more efficient ways to improve my workflow. My strong design background allows me to both communicate my thoughts effectively when working in a team but also work independently.

EXPERIENCE

ARTWALK artwalknyc.com

iOS Developer

Jul 2014 - Present

- Created a content management system built-on Wordpress for the iOS app.
- Created the [ArtWalk iOS app](#).
